

Parent Data Confirmation Guide

MHUSD uses Online Parent Data Confirmation for Summer Re-Registration. The system allows parents to quickly review student data currently on file, review and/or print required documents and print an updated Emergency Card to be turned in to the school.

In some cases, you must complete this process before being able to use the parent portal for other purposes such as viewing grades, assignments and attendance.

To begin, click on the [Family Resources](#) found at the top of the district website at mhusd.org. Click on the Aeries Student Information System link found on the parent page.

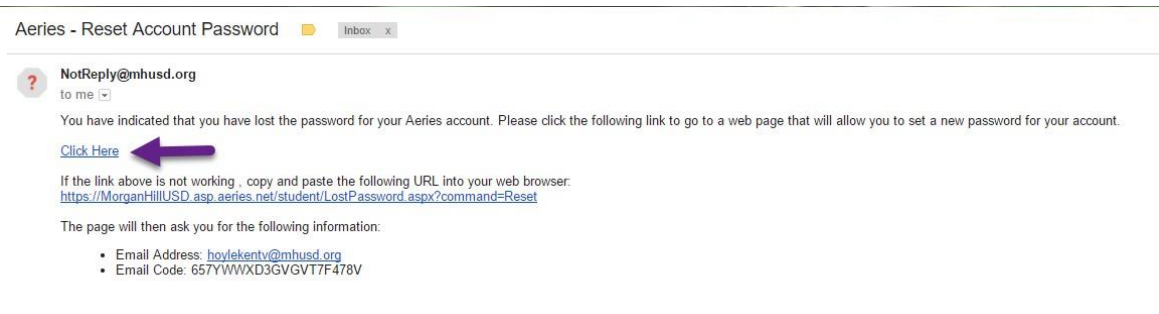

Enter your email address and password. If you have not provided an email address to your school, please contact the school office. Once an email account is added, a portal account will automatically be created and you will receive an email with instructions for accessing the portal.

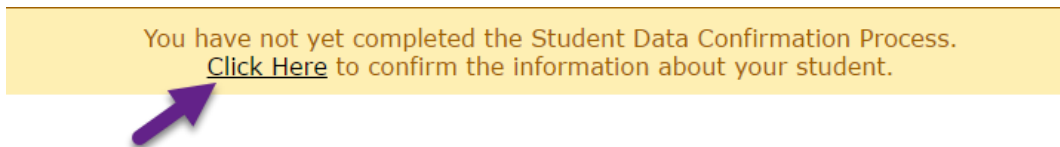

If you've forgotten your password, click on Forgot Password. The system will confirm your email address by sending you a verification email and allow you to reset your password.

Click on “Click Here” and you will be redirected to the portal and allowed to reset your password.

When it’s time to confirm your student’s data, a banner will appear on the home page of the parent portal. Use the “Click Here” link to access the data confirmation screens.

The first screen is the **Family Information** page. On this page, you will confirm if the student has a parent or guardian in the United States Armed Forces. You will also need to complete the residence survey. After answering these two questions, click **Confirm and Continue**. Note: You can return to any previous page by clicking on the appropriate tab on the left. You cannot move forward until you have completed each screen in order.

The **Student** screen will allow you to review and modify a limited amount of student data. Click on **Change** if you need to modify any of the information displayed. If you need to change information not displayed, such as home address or email address, please complete the data confirmation process and contact the school office for additional changes. When finished, click **Confirm and Continue** to move to the next screen.

Student Demographics		Notes

The **Contacts** screen will list all current contact information. To modify a contact record, select the record, then use choose **Change** or **Delete**. Click **Add** to add a new contact record. When finished, click **Confirm and Continue** to move to the next screen.

IMPORTANT: If you enter an email address for a contact, a portal account will be created providing access to grades, attendance, and other student information. If you do not want contact to have access to this information, leave the email field BLANK.

The **State of California is collecting the Parent Education Level** for the Parents & Guardian that the student is living with. Please Choose the Parent Education Level for each parent/guardian that the student is living with. Parents will need to Select a Record Type of P1 or P2 before they can continue.
